

Womens Vibram Five Fingers JAYA Black Silver - WJAVA03 \$56.99

Material of Vibram

There are many different rubber compounds which are deployed carefully depending on different applications and needs of each section of sole. So, every sole can show different physical characteristics, such as elasticity, density, hardness, skid resistance, wear and etc.. Each compounds according to different needs of products (e.g. leisure, comfortable, sports) and ensure having the best functional performance. Natural rubber and synthetic rubber are used by Vibram for their different characteristics. Natural rubber is collected from rubber trees and having good elasticity. And synthetic rubber is mainly from petroleum oil, so it's durable. Vibram mixed natural rubber and synthetic rubber base on the different needs of products to make the soles having the best quality and performance.

Functions of Five Fingers Footwear

1. Physiotherapy

The sole is separated as the shape of five toes, the vamp is five independent toes sewed by breathable fabric. When you wearing it, your toes would be separated from each other. It's comfortable, soft, dry and inhibit the growth of bacteria so that it can prevent beriberi.

2. Health Care

Toes are in the farthest place from people's heart. When we are walking, massage effects will be produced automatically between toes to promote blood circulation of toes and bring health

to wearers in virtually.

3. Natural and Comfortable

Soles are designed on the shape of foot and wearers won't have extrusion feeling. Every toes can stretch freely, skeletons of toes will not be deformed, no stinging feelings under foot and experience the feeling of backing to nature actually.

4. Fashionable and Personality

The new design of five Fingers footwear is a revolution to traditional shoes, especially provide the needs of pursuing fashion and personality for adolescents, and it also creates new material conditions.

5. Recreational Sports

The separated design is good for people who love recreational sports to wear when they travel, jogging, mountaineer, yoga and so on.
